## **Preface**

### **SPORT RULES GOVERNING THE TENNESSEE SENIOR OLYMPICS**

The sport rules described here have been established for the events in the Tennessee Senior Olympics to also be used in district and local competitions.

The sport rules for each event are based on the rules of the recognized governing body for the sport, when appropriate. However, for the state, district and local Olympics there may be a need for some modifications and revisions in the best interest of the Tennessee Senior Olympics competitors.

These rules developed by the Tennessee Senior Olympics, Inc. Board of Directors represent their best judgment at this time. Since rules in most sports evolve and change over time, further revisions or modifications may be appropriate.

## GENERAL INFORMATION

### ELIGIBILITY

- 1) To participate in the Tennessee Senior Olympics the following age requirements are in effect:
  - a) District participants must be age 50 or older as of December 31 of the next calendar year.
  - b) State finals participants must be age 50 or older as of December 31 of the current year.

Districts are held the fall prior to the summer state finals thus the rule.

- 2) The Tennessee Senior Olympics is open to Tennessee residents only. However, Tennessee border state competitors (no more than 30 miles from Tennessee) may compete in the Tennessee Senior Olympics. **Residency Definition: One must be a resident of TN and intend on residing in TN for at least 3 months out of the year. A physical address must be provided and not a PO Box.**

- 3) Athletes who move from Tennessee after the district competition will be allowed to compete in the state finals for that year only.

- 4) Individuals 95 and older may compete in Tennessee even if they live out-of-state.

- 5) **Professional athletes** shall not be eligible to compete in the Tennessee Senior Olympics in the sport in which they are a professional until 20 years after the date they last competed as a professional. They may compete in other sports in which they have not competed professionally. A professional is someone who competes in a sport for money as a primary source of personal revenue. People who compete in a sport in which minor amounts of money are given as prizes are not deemed professionals. Individuals whose primary activity is teaching a sport but who occasionally play for a minor amount of money are also not deemed professionals.

- 6) **New Participant Rule-** An athlete who has never participated at ANY level of the Tennessee Senior Olympics system but who desires to participate in the state finals will be granted:

- A one-time only exception from qualifying in district competition.
- This will require payment of all state finals fees plus a district processing fee of **\$30** payable to the district.
- This does not apply to the state finals open sports. An athlete may register directly for these sports.

### GENERAL RULES OF PARTICIPATION

- 1) To participate in the Tennessee Senior Olympics the following age requirements are in effect:
  - a) District participants must be age 50 or older as of December 31 of the next calendar year.
  - b) State finals participants must be age 50 or older as of December 31 of the current year.

Districts are held the fall prior to the summer state finals thus the rule. The divisions for each event at the games will be as follows:

MEN and WOMEN

50-54  
 55-59  
 60-64  
 65-69  
 70-74  
 75-79  
 80-84  
 85-89  
 90-94  
 95+

- 2) Participants may enter only one age division in any given event.
- 3) In doubles competition, the team will compete in the age division of the youngest partner. Participants must compete in their own age group. They may not “play down”.
- 4) An individual who lies about his or her age or address will be banned from the Tennessee Senior Olympics at all levels and for all events for three years.
- 5) Competitive events will begin when scheduled. Athletes will be required to check-in to events 10 minutes prior to their scheduled match or competition. Game time is forfeit time will be upheld. Competition will not be held earlier or later for the convenience of competitors. Missing the first round of any sport will constitute a forfeit.
- 8) If an ejection occurs in any sport at the local or district level, due to unsportsmanlike conduct or fighting, that participant is ineligible to compete at the state finals that particular year in that specific event. If the ejection occurs at the state finals, the participant will be removed from all events at the state finals.
- 9) If a participant destroys property at the games, that person will be prevented from participating in the district and state games for a year.

**RULES OF REGISTRATION**

- 1) A registration and release form must be completed.
- 2) The registration fee must accompany the completed registration form.
- 3) IDs will be checked at the state finals.
- 4) It is the responsibility of the participant not to register for events that will overlap in time.
- 5) At the state finals, an athlete may enter as many events as desired, as long as he or she has participated at the district level. However, once ten (10) events have been entered, a \$3 fee per additional event will be incurred. An “event” will be considered any activity that has been

entered (i.e. tennis singles, doubles and mixed doubles will be considered 3 events. The 100M and 200M runs would be considered two events.)

- 6) No late or on-site registrations will be accepted.
- 7) No substitutions will be allowed after the registration deadline has passed.
- 8) Team captains will be responsible for turning in rosters and entry forms for all team members by the entry deadline. Non-playing team captains & coaches must register for the event.

## **DISTRICT RULES**

### **1) Home District**

Athletes are encouraged to participate in their home district. Home districts are defined by the county of residence. For a list of counties and district assignments check [www.tnseniorolympics.com](http://www.tnseniorolympics.com). **District assignments for out of state residents** no further than 30 miles from the Tennessee border are defined by those Tennessee counties closest to the athlete's city.

- 2) Teams and individuals may participate in as many districts as desired. Registration and payment required for each district.
- 3) Teams must be comprised of members from the same region. One wild card player from another region is allowed for basketball and softball. Three wild card players from another region are allowed for volleyball. (please see Team Composition Rules below). **NOTE: on a trial basis for 2017 this rule has been removed. Teams may be comprised of members from anywhere in the state.**

## **STATE FINALS QUALIFYING**

- 1) Qualifying for the state finals in most sports requires an athlete to **participate** in a District or Metropolitan Senior Games event the **fall prior to the summer state finals**. If your district offers the sport/event in which you would like to participate at state finals you must qualify in your district or another. You may not register in a district that does not offer the sport as a way to play at state finals. For doubles players, **athletes who participated in ONE event at the district (i.e. singles, mixed, or doubles) within any doubles sport may register for all three events if interested.**
- 2) Open events are eligible to any athlete 50 and older and do not require district participation. The state finals' "open" events include Archery, Cycling (5K, 20K), Road Race (5K, 10K, 5K Race Walk), Racquetball, and the Power Walk.
- 3) Any event not offered at an individual's district level is also an open event.

- 4) If athletes are the only individuals in their age division at a district competition, they must play an exhibition match to receive medals and qualify for state competition.
- 5) Doubles partners who qualify together for the state finals should plan to play together. However, if one of the partners cannot attend, another qualified athlete in the **same sport** may be chosen prior to registering for the state games. Changes must be e-mailed to the state office no later than one month prior to the state finals. After this point, if one of the partners cannot attend, the team will be scratched from the event.
- 6) If a player has signed up for events he or she did not participate in at the district level or has registered for more events than is allowed at state finals, he or she is illegal in that sport and will be ejected from that particular sport.
- 7) After registering and qualifying in a district, individuals who are 90 and above may add three additional events to their slate of events at the state finals. This is limited to events within sports in which the individual has qualified. Example: a 95 year old who qualifies in the 100M and 200M runs during the district competition may be too tired that day to participate further. Because the state events are spread out over two days, the 95 year old may choose to compete in the 1500M run also.

### **TEAM SPORT RULES**

- 1) All team sports are offered separately for men and for women in the following divisions: 50+, 55+, 60+, 65+, 70+, 75+, and 80+.
- 2) In team competition, the team must compete in the age category of the youngest team player. In the districts which are held in the fall the age will be determined by **December 31 of the next calendar year. At the state finals the age is determined by December 31 of the current year.**
- 3) Team captains are responsible for turning in rosters and entry forms for all team members by the entry deadline. To be registered and placed on a schedule teams must be comprised of the minimum number of the players needed to take the field/court. Non-playing team captains & coaches must register for the event.
- 4) The Board of Directors realizes that some teams may be in jeopardy of forfeiting without enough players if injuries do arise (even after the final deadline date). If a roster contains the minimum number of players to take the floor/field PLUS one, and the team wishes to add additional players to avoid a forfeit this may be done with the appropriate entry fee. However, after the **final deadline date**, there will be an additional \$100 fee per player (plus entry fee), to add players to the roster of a team that exceeds the minimum to take the floor/field plus one.

- 5) In team sports, an athlete may participate in another district other than their home district. Athletes are required to register and pay entry fees in each district.
- 6) An individual who lies about his or her age or address will be banned from the Tennessee Senior Olympics at all levels and for all events for three years. In addition, if the individual was a member of a team, that **team will be disqualified**. A team captain is required to verify all ages and addresses of team members.
- 7) **Team Composition Information** NOTE: on a trial basis for 2017 this rule has been removed. Teams may be comprised of members from anywhere in the state.

Three grand divisions will be set up. These include West (the districts of Memphis, Northwest, and Southwest), Middle (the districts of Greater Nashville, South Central, and Upper Cumberland), and East (the districts of Chattanooga, Southeast, East, and First). One wild card player from another region is allowed for basketball and softball. Three wild card players from another region are allowed for volleyball. For example, a team from Greater Nashville may pick up any players from South Central and/or Upper Cumberland and also one player from East or West. If unsure which counties comprise which districts, please visit our website at [www.tnseniorolympics.com](http://www.tnseniorolympics.com)

**Teams 75+** will not have restrictions. Teams may be comprised of any player regardless of district.

**District assignments for out of state residents** no further than 30 miles from the Tennessee border are defined by those Tennessee counties closest to the athlete's city.

**Exceptions** to the above rule will be determined by a special committee of team players from different age groups.

- 8) After district competition, the following number of changes or additions may be made to each roster before registering for the state finals: basketball - three (3), volleyball -four (4) and softball - five (5). Two of these additions or changes may be players who did not compete in district competition.
- 9) All team players from a district roster are eligible to advance to the state finals if their team qualifies. As long a player has paid the appropriate district entry fees and has registered, it is not necessary for the player to actually participate in the game. Since the player has registered and is part of the team, he or she may compete with the team in the state finals.
- 10) Athletes are allowed to play on one team only per sport.

## **REORGANIZATION AND CANCELLATION**

Tennessee Senior Olympics officials reserve the right, when necessary, to reorganize competition levels/types of tournament or cancel a competitive event due to: number of participants, inclement weather, time and cost effectiveness, safety concerns and other extenuating circumstances.

## **APPEALS**

- 1) All appeals for official interpretation must be made to the Event Director. Appeals must be filed immediately or right to appeal will be forfeited. An appeals form will be available at the registration desk and must be filed in writing within 24 hours of the event.
- 2) The staff and event chairs have the authority to enforce all policies and procedures.

## **AWARDS SYSTEM**

- 1) The awards will include medals or ribbons which will be awarded to the top three (3) finalists in all events and competitive levels and will be given at the culmination of each event. Medals will not be mailed after the event.
- 2) In cases of ties, not played off, competitors that have tied will receive the same type of award.
- 3) In cases of team competition, each member of the team will receive the same type of award.
- 4) Competitors must compete in an event before medals are awarded. If participants find they are the only individuals in their age group, an exhibition match must be played to receive awards.

## **EQUIPMENT**

- 1) Necessary equipment for each competitive event will be provided by the Tennessee Senior Olympics, unless otherwise stated in the rules of each individual event.

7. Hits will not be marked on the target face. Witnessed bounce out and pass through arrows will be shot over at the end of the distance as make-up arrows. If the bounce out destroys an arrow in the target, then it is a "Robin Hood" and will score the value of the arrow it destroyed.

### ***Scoring System***

A match consists of the best of 3 games of 21 points.

The side winning a rally adds a point to its score.

At 20 all, the side which gains a 2 point lead first, wins that game.

At 29 all, the side scoring the 30th point, wins that game.

The side winning a game serves first in the next game.

### ***Intervals and Change of Ends***

When the leading score reaches 11 points, players have a 60 second interval.

A 2 minute interval between each game is allowed.

In the third game, players change ends when a side scores 11 points.

### ***Points - Singles***

At the beginning of the game and when the score is even, the server serves from the right service court. When it is odd, the server serves from the left service court.

If the server wins a rally, the server scores a point and then serves again from alternate service court.

If the receiver wins a rally, the receiver scores a point and becomes the new server.

### ***Points - Doubles***

There is only one serve in doubles (see next page). The service passes consecutively to the players as shown in the attached diagram.

At the beginning of the game and when the score is even, the server serves from the right court.

When it is odd, the server serves from the left court.

If the serving side wins a rally, the serving side scores a point and the same server serves again from the alternate service court.

If the receiving side wins a rally, the receiving side scores a point. The receiving side becomes the new serving side.

The player of the receiving side who served last stays in the same service court from where he served last. The reverse pattern applies to the receiver's partner.

The players do not change their respective service courts until they win a point when their side is serving. If players commit an error in the service court, the error is corrected when the mistake is discovered. **Badminton doubles serving chart included on next page.**

**In a Doubles match between A & B against C & D. A & B won the toss and decided to serve. A to serve to C. A shall be the initial server while C shall be the initial receiver.**

Course of action / Explanation	Score	Service from Service Court	Server & Receiver	Winner of the rally

2. A team roster shall be limited to 10 players.

**Team Composition Rule:** NOTE: on a trial basis for 2017 this rule has been removed. Teams may be comprised of members from anywhere in the state.

The following rule has been implemented by our board of directors:

Three grand divisions will be set up. These include West (the districts of Memphis, Northwest, and Southwest), Middle (the districts of Greater Nashville, South Central, and Upper Cumberland), and East (the districts of Chattanooga, Southeast, East, and First). **Teams must be comprised of players from their division with one wild card allowed from any area.** For example, a team from Greater Nashville may pick up any players from South Central and/or Upper Cumberland and also one player from East or West. If unsure which counties comprise which districts, please visit our website at [www.tnseniorolympics.com](http://www.tnseniorolympics.com)

**\*\*Teams 75+** will not have restrictions. Teams may be comprised of any player regardless of district.

3. Played on half court by two teams of three players each, with a maximum of seven (7) substitutes. Teams must have a minimum of three players on the floor to start a game. Teams may continue/finish with a minimum of two players on the floor.

4. Playing time shall be two (2) halves of twelve (12) minutes for all teams 75 and above and (15) minutes for all other age groups unless large number of teams calls for 12 minute halves. This may be needed to proceed through the tournament in a timely fashion. The clock is a continuously running clock with an intermission of five (5) minutes. In the last two minutes of each half, the clock will stop in accordance with normal basketball rules. The clock also stops after a made basket during the last minute of the second half.

5. A tie score at the end of regulation time will result in a three-minute overtime period. During the first overtime period, the clock will stop in accordance with normal basketball rules. If the game is still tied at the end of the first overtime period, subsequent three-minute periods shall be

played until the tie is broken. After the first overtime period, all additional overtime periods will have a running clock except for the last minute in which the clock will stop in accordance with normal basketball rules. The clock also stops after a made basket during the last minute of all overtime periods. Ball possession will be determined by a coin flip for each overtime period. There will be a one-minute intermission before each overtime period. All individual and team fouls carryover into overtime.

6. Two time-outs are permitted per team per half. Timeouts do not carryover from one period to the next. If a game proceeds to overtime, each team shall receive no more than one additional time-out, regardless of the number of overtimes. Time-outs shall be 60 seconds in duration. The clock will not run during time-outs.

7. Substitutions may be made after a basket, a foul shot or any stoppage of play or any other time an official beckons the player onto the court.

a. Players MUST be beckoned onto the court by the referee. Entering the court without being beckoned will result in a warning from the official; all subsequent violations will result in a technical foul.

b. Both the offensive and defensive team may substitute after the first free throw or a two shot foul and after the second free throw of a three shot foul.

c. The defensive team can only substitute after a made basket or free throw (when it is the final free throw taken) if the offense is substituting at that time. Violating this rule will result in a warning from the official. all subsequent violations will result in a technical foul.

d) On all stoppage of play (i.e. violations such as traveling, double dribble, three seconds, or out of bounds etc) either team can substitute as long as they request to sub prior to the inbounder having the ball in the throw-in-area.

8. The winner of the coin toss shall take first ball possession. Possession at the start of the second half will be determined by the possession arrow. Ball possession changes hands after each basket unless a technical or personal foul is awarded.

9. Deliberate stalling or attempts to freeze the ball shall result in a technical foul and loss of ball possession. A warning shall be given by an official prior to assessing the penalty.

a. The deliberate stalling rule is in effect during the entire game.

10. The game shall be played using the three-point line as the “check line.” The ball shall be returned to a point behind the check line after each change of possession as follows:

a) After a made basket and all dead ball situations, the ball shall be placed in play from the top of the key (“throw-in area”). The ball must be advanced into play by means of a pass to a teammate.

**Violation of the throw-in area by the offense results in a loss of possession.**

b) After a turnover or defensive rebound, the ball may be returned to any point behind the check line. The player returning the ball behind the check line shall be in possession of the ball with both feet behind the line. The ball does not have to pass behind the 3-point line; only the player’s feet.

- c) The penalty for attempting a shot before returning the ball successfully behind the check line shall be loss of possession.
- d) The player who returns the ball behind the three-point line may maintain possession and attempt to score.

11. Following a made basket or dead ball, the ball shall be put in play within five seconds from the time the ball is in the “throw-in area”, regardless of whether or not the inbounder has taken possession of the ball. If the ball is not put in play within five seconds it shall be a violation, and possession shall be awarded to the defense with no change in the possession arrow.

12. Player limitations during inbounding the ball:

- a) The inbounder must be within 3 feet of the three-point line and must stay within the free throw lane extension area (12 feet wide), an area referred to as the “throw-in area”.
- b) The defense may defend anywhere on the court, however no player (offensive or defensive) may enter the ‘throw-in area”, which is considered out-of-bounds.
- c) The inbounder may not hand-off the ball to a teammate.
- d) The inbounder’s teammates may not enter the three-second lane to receive a pass or set a screen until the inbounding teammate actually takes possession of the ball at the throw-in area; they may cross and exit the lane to reposition themselves prior to the inbounds pass.
- e) The 3 second lane count should not begin until the defensive team (now the new offensive team) takes the ball behind the three point arc.
- f) Violations of the throw-in area by the offense result in a loss of possession.
- g) Violations of the throw-in area by the defense result in a warning followed by a technical foul (2 shots).

13. A player is disqualified on his/her fifth foul. Technical fouls will be assessed in accordance with NCAA rules.

14. All personal and technical fouls shall be counted against a team total. On the seventh team foul, a bonus shall be awarded for the remainder of the game. Team fouls carry over into the second half and overtime periods. Penalties for fouls shall be as set forth below.

15. Prior to the seventh team foul:

- a) any common foul shall result in loss of possession for the offending team;
- b) any player control foul shall result in disallowing a converted basket, recording the foul and a change in possession;
- c) any shooting foul with a missed basket shall result in two free throws (three for a three-point attempt), and the offended team shall retain possession;
- d) any shooting foul with a converted basket shall result in the basket being awarded along with one free throw, and the offended team shall retain possession.

If a shooting foul occurs during the running time part of the game:

All players will remain behind the arc and the offense will re-gain possession of the ball, even if the clock goes to the two minute mark. At that time, the clock will stop until the ball is put in play again from the throw-in area.

All the players behind the arc may cross the arc once the shooter releases the ball. The shooter may cross the free throw line after the ball strikes the rim, flange or backboard or retrieve the ball upon completion of the last free throw.

During the stopped time portion of the game:

The free-throw shooter shall not break the vertical plane of the free-throw line with either foot until the ball strikes the ring, flange or backboard or until the free throw ends.

No player shall enter or leave a marked lane space or contact any part of the court outside the marked lane space until the free-thrower has released the ball.

16. Beginning with the seventh team foul:

- a) any common foul shall result in a single free throw plus a bonus free throw if a player makes the first free throw, and the offended team shall retain possession;
- b) any player control foul shall result in disallowing a converted basket, recording the foul and a change in possession.
- c) any shooting foul with a missed basket shall result in two free throws (three for a three-point attempt), and the offended team shall retain possession;
- d) any shooting foul with a converted basket shall result in the basket being awarded along with one free throw, and the offended team will retain possession.

17. Beginning with the 10th team foul:

- a) any common foul shall result in two free throws, and the offended team shall retain possession;
- b) any player control foul shall result in disallowing a converted basket, recording the foul and a change in possession;
- c) any shooting foul with a missed basket shall result in two free throws (three for a three-point attempt), and the offended team shall retain possession;
- d) any shooting foul with a converted basket shall result in the basket being awarded along with one free throw, and the offended team shall retain possession.

18. During the last two minutes of the each half, and during any overtime period, the automatic awarding of team possession after free throws does not apply (live rebounding will be in effect)

- a) During live rebounding, all players on both teams are allowed to line up along the free throw lane when the free throws are shot.
- b) If the shooter makes the last awarded free throw, the opposing team will inbound the ball.

19. Team clothing must be of like design and color. Basketball teams will be required to provide light and dark shirts for basketball competition. Shirts are required to have numbers both front and back.

20. Aside from these special rules, all other rules will be played in accordance with current NCAA rules.

21. Three point shots are allowed.

22. Officials do not put the ball in play, except at the start of each half. The referee will handle the rebound of the first free throw (first and second free throws if three shots are being taken) and then will not handle the ball after the last free throw

2. Games will be played to the high score after thirty (30) shoes are pitched. Count- all scoring will be used. If the score is tied after 30 shoes have been pitched another four shoes will be pitched.
3. a) Men in divisions 50- 69 years of age will pitch a minimum distance of forty (40) feet.  
b) Women 50-74 will pitch a distance of thirty (30) feet.  
Men in division 70+ will pitch a minimum distance of thirty (30) feet.  
c) Women in division 75+ will pitch a minimum distance of twenty (20) feet.
4. Contestants may bring their own shoes, which will be certified by the event director.
5. Singles - Each player has two (2) shoes and uses the same pitcher's box. Players pitch both shoes in turn at the opposite stake an inning. They then walk to that stake, tally the score, and pitch back toward the first stake.
6. Start – Players toss a coin; the winner decides who pitches first.
7. Pitching - The pitcher must stand on one of the pitching platforms. Players may use the platform on either side of the court. Feet must stay behind the foul line and within the platform limits until the shoe has left the pitcher's hand. Opponents must remain on the side of the stake, either in the rear quarter of the other pitching platform or behind the pitching box, with the toes of one foot touching that platform, and must not talk, move or in any other way distract the pitcher. Such an offense incurs a loss of score in that inning. No player may walk to the opposite stake, or be informed of the position, of the shoes before an inning is complete. Once thrown, shoes may not be moved or touched until the scores have been decided. Such an offense incurs a loss of score in that inning.
8. Scoring - Shoes must be within six (6) inches of the stake to score. A shoe that first strikes the ground outside the target area or rebounds from the backboard cannot be scored, nor can any

shoe thrown from an invalid position. Such shoes may be removed from the target area on the request of the opponent. A shoe landing in the area and breaking is not scored; it is removed and another pitch taken. A "ringer" is a shoe that encircles the stake so that a straight edge could touch the two tips of the horseshoe without touching the stake.

Scoring - Each ringer scores three (3) points.

Each shoe closer than an opponent's scores one (1) point.

Innings continue until thirty (30) shoes are pitched.

The high score in one inning pitches first in the next inning.

If no points are scored, the order of pitching alternates.

### **Pickle Ball Rules Summary**

The serve must be hit underhand and each team must play their first shot off the bounce. After the ball has bounced once on each side then both teams can either volley the ball in the air or play it off the bounce. This is called the "double bounce rule" because the ball must hit twice (once on each side) before it can be volleyed. This eliminates the serve and volley advantage and prolongs the rallies. To volley a ball means to hit it in the air without first letting it bounce.

The non-volley zone is the 7-foot zone on both sides of the net. No volleying is permitted within the non-volley zone, preventing players from executing smashes from a position within the zone. When volleying the ball, the player may not step on or over the line. It is a fault if the player's momentum carries him into the zone while the ball is still in play. A player may be in the non-volley zone at any other time. The non-volley zone is sometimes referred to as the kitchen.

Both players on the serving team are allowed to serve, and a team shall score points only when serving. A game is played to eleven points and a team must win by two points. Rallies are lost by failing to return the ball inbounds to the opponent's court before the second bounce, stepping into the non-volley zone and volleying the ball, or by violating the double-bounce rule. The hand is considered an extension of the paddle. The player loses the rally if the ball hits any other part of his body or clothing.

The server must keep both feet behind the baseline during the serve with at least one foot on the court surface at the time the ball is struck. The serve is made underhand. The paddle must contact the ball below the waist. The serve is made diagonally cross-court and must clear the non-volley zone. The non-volley line is a short line for the serve (the serve is a fault if it hits the line). All other lines are good at all times. Only one serve attempt is allowed, except in the event of a let (the ball touches the net on the serve, and lands on the proper service court). Let serves are replayed. At the start of each new game, only one player on the first serving team is permitted to serve and fault before giving up the ball to the opponents. Thereafter both members of each team will serve and fault before the ball is turned over to the opposing team. When the receiving team wins the serve, the player in the right-hand court will always serve first.

When the serving team wins a point, the server moves to the other side of the serving team's court. Note that if the serve rotation is done properly, the serving team's score will always be even when the player that started the game on the right side is on the right side and odd when that player is on the left side.

***Singles Play:*** The server serves from the right side when his score is even and from the left side when his score is odd.

***Rule exception:*** Games are usually won by two points. In some situations, event directors may choose to win by one to speed up play.

## RACQUETBALL

### EVENT

2. Lensed eyewear designed for racquet sports is mandatory.
3. Points are scored only by the serving side when it serves an ace or wins a rally. Losing the serve is called an out.
4. A match is won by the first side winning two games. The first two games of a match are played to 15 points. In the event each side wins one game, the tie breaker game is played to 11 points.
5. The USAR's rules for singles also apply **in doubles** with the following additions and modifications:
  - (a) Order of Serve. Before the match begins, each team shall inform the referee of their team's order of service, which shall be followed throughout the match. The order of serve may be changed between games, provided that the referee has been verbally notified before the first serve of the new game. At the beginning of each game, when the first server of the first team to serve is out, the team is out. Thereafter, both players on each team shall serve until the team receives a handout and a side out.
  - (b) Partner's Position. On each serve, the server's partner shall stand erect with back to the side wall and with both feet on the floor within the service box from the moment the server begins the service motion until the served ball passes the short line. Violations are called foot faults. However, if the server's partner enters the safety zone before the ball passes the short line, the server loses service.
  - (c) Changes of Serve. In doubles, the side is retired when both partners have lost service, except that the team that serves first at the beginning of each game loses the serve when the first server is retired. **Refer to USRA rules for further details about doubles.**

  - b) Color choice for the third game is determined by two opposing players shooting from the head of the court to the far deadline, shooting alternately, first RED then BLACK. The disc nearer to the far deadline (lag line) determines who shall have color choice. Measurement is

from center of disc to center of line. (It can cross over the lag line.) If the last (4th) BLACK disc shot touches the RED disc, color choice goes to player of RED.

7. To start games, the RED disc is shot first. Play alternates - RED, then BLACK - until all discs are shot. If unsure which counties comprise which districts please visit our website at [www.tnseniorolympics.com](http://www.tnseniorolympics.com)

**\*\*Teams 75+** will not have restrictions. Teams may be comprised of any player regardless of district.

**Captains** may not play unless designated as Player/Captain on the entered roster. A non-playing manager is not included in the player count of twenty (20). A Player/Captain must meet all other team player criteria.

**7. LINE UP CARDS:** Official line up cards must be presented to the opposing manager and scorekeeper ten (10) minutes prior to game time. Tournament line-up cards will be furnished to all team managers.

**8. MERCY RULE:** There will be a mercy rule for all softball games including championship games. A fifteen (15) run mercy rule will be in effect after five (5) innings (4 1/2 innings if home team is ahead) thus ending the game. A twenty (20) run mercy rule will be in effect after four (4) innings.

**9. TIME LIMIT:** The length of a game will be seven innings or 60 minutes. After 60 minutes the umpire shall announce that teams will finish the current inning and play one more. The last inning shall be played with unlimited runs. This rule is designed to allow 1 hour and 15 minutes for a game, which is ample time to play 7 innings. EXCEPT:

- a. Tie games after seven (7) innings will continue until one team is ahead after the completion of any subsequent inning using the international tie-breaker rule.
- b. Championship games. A time limit will not be placed on championship games. However, the mercy rule is in effect.

## 10. COURTESY RUNNER:

An unlimited number of courtesy runners may be used per inning. A player may only be used as a courtesy runner once per inning (except Women 70+ and 75+ which a player can be a courtesy

runner as many times as needed per inning). A courtesy runner may not be replaced by another courtesy runner except for injury causing removal of the original courtesy runner permanently from the game. A courtesy runner on base when it is his/her turn at bat will be declared out as the runner. Another courtesy runner may not be used to circumvent this rule.

#### **11.OVERRUNNING:**

Women age divisions 70+ and 75+ can run through 2nd and 3rd base without the possibility of being tagged out unless an attempt is made or a turn toward the next base is indicated.

12. All players are required to wear a numbered shirt on the back.

13. The men's division will play 12" slow pitch (.44 cor and a compression rating of **no more than 375 psi**

The women's division will play 11" (.44 cor and a compression rating of **no more than 375 psi**).

14. **Legal Pitching Height** – The ball must be delivered with perceptible arc and reach a height of at least 6' (feet) from the ground, while not exceeding a maximum height of 12' (feet) from the ground.

15. All bats with a \*BPF of 1.21 or less will be legal for play. All bats used in play must be stamped with a BPF of 1.21 or less, and must have either a manufacturer installed non-slip grip surface, or a minimum of one wrap of tape. Bats without the BPF stamped on the bat will be considered illegal. A bat is not required to bear an ASA certification mark.

**Note: this rule is an approved exception to the ASA bat policy and will be utilized in state qualifying games and the 2015 Summer National Senior Games. All bats models approved for senior play by ISA, ISSA, SPA and SS-USA will be allowed for tournament play in NSGA.**

16. State qualifying games and the 2015 Summer National Senior Games will utilize a double first base, a second home plate, 70' feet base paths, 20' commitment line between 3rd base and home plate and a 6' feet pitching box. A field diagram with dimensions is included in the ASA rulebook (with the exception of the 6' pitching box and strike zone mat).

**If in the tournament director's discretion, such an adjustment is feasible, base paths will be 70' for men's age divisions 50 to 65+. The base paths will be 65 feet for men 70+ and all women's age divisions. In addition, if the fields used cannot be adjusted the tournament will use the base paths in place.**

17. **RUNS PER INNING:** There shall be a five (5) run per inning rule, with unlimited runs allowed in the seventh or final inning.

18. **HOME RUN RULE:** To be discussed and agreed upon at team captains' meetings for certain age groups.

## TABLE TENNIS

### EVENT

Singles, Doubles, Mixed Doubles

**Event Format:** Play shall consist of the best 3 out of 5 game match.

### **Playing Rules**

All matches will be conducted in accordance with USA Table Tennis (USATT) rules. Official rules may be obtained at <http://www.usatt.org/rules/index.shtml> or by calling (719) 866-4583.

USA Table Tennis  
One Olympic Plaza

[www.usatt.org](http://www.usatt.org)

1. The new Butterfly G40+ ball is the official tournament ball. **The ball is white, so athletes cannot wear white shorts or shirts.**
2. Games to 11 points; must win by 2 points. Matches are best of any odd number of games.
3. Flip coin to decide who serves first. Winner of the toss chooses to serve or receive, or to start at a particular end of the table. The coin toss loser has the choice not taken by the winner. (Do **not** “ping” for serve.)
4. Each player alternately serves 2 points until end of game or score reaches 10–10. At 10–10 (a “deuce” game), alternate serves every point until 1 player is 2 points ahead.
5. A point begins as soon as the server tosses up the ball (no second chance serves).
6. To serve, toss the ball up at least 6 inches from the stationary open palm of your free hand and then strike the ball as it is falling. The ball must stay **behind the end line and above table level**. The ball has to be visible to the receiver throughout the serve.
7. The serve must bounce first on the server’s side, cross over the net without touching it, and land anywhere on the other side of the table. If the serve hits the net and lands on the opposite side (a “net” serve), serve over until a good serve is made. No limit on net serves.
8. Except when serving, you cannot strike a ball until it has first bounced on your side of the table (no volleys). Your return must then land directly on the opponent’s half of the table without hitting any object other than the net or net posts.
9. A return (not a serve) striking the net and landing on the opposite side of the table is good.
10. A return that rebounds directly off the hand or any part of the racket is still in play. But a return striking both hand and racket is out of play. Similarly, a return by a hand without a racket or a racket not held in a hand is out of play.
11. The ball must not bounce twice before being returned or be struck by a player more than once consecutively. The ball is out of play when it has touched anything other than the net or its supports, the opposing court, or the racket/racket hand.
12. A return that touches the **top edge** of the table is good, but a return that touches the **side** of the table is not good.
13. Your opponent wins the point if you touch the table with your **free** hand, move the table, or touch the net or net posts during a rally. Your opponent also scores a point when the ball

- comes into contact with you or anything you wear or carry, before it has passed beyond your end line or sideline and without having first touched your court.
14. Switch ends of the table after each game and at 5 in the deciding game of a match. If the players forget to change ends, they must do so as soon as the error is discovered, unless the game is completed. All points played before the error is corrected are good.
  15. The first receiver in a game becomes the first server in the next game of a match.
  16. Call a "let" and play the point over if both players cannot agree on a call or for any disturbance during play. A let is also called if a service is delivered when the receiver is not ready, provided no attempt is made to return the ball.
  17. Do not walk into or otherwise disturb a playing area during a point.

### **Doubles**

1. Order of Play - The server shall first make a good service, the receiver a good return, then the partner of the server, then the partner of the receiver and thereafter each player alternately in that sequence. Striking the ball out of sequence results in the loss of the point.
2. Service - The ball shall contact the table in the server's right-hand court and the receiver's right hand court. The center line is a part of each court. Failure to serve in the correct court results in the loss of the point. After the serve, the full table is in play.
3. Out of Order Play - If by mistake a player serves or receives out of order, play shall be interrupted and the proper order at the score reached shall be re-established. All points scored before discovery of the error shall stand.
4. The receiving pair changes their order of receiving when the score first reaches 5 points in the last possible game of a match.

2. The discus is thrown from a circle and must land within the marked sector. All athletes at the field events at the state finals will be allowed four throws/jumps. A tie for first place is decided by the competitors' second-best throw.

3. Throwing action: The competitor must begin his throw from a stationary position. He may hold the discus as he wishes and use any throwing technique. His throw is a foul if, after commencing his action, he touches with any part of his body either the top of the ring bounding the circle or the ground beyond it. This rule remains in force while the discus is in flight. At the end of the throw, the competitor must, from a standing position, leave the circle from behind the dividing line.

4. Interrupting a Trial: Provided there has been an infringement, a competitor is permitted one interruption for each trial. When interrupting a trial, the competitor may lay down his discus. He must then recommence his action from a stationary position.

5. Landing: The discus must land within the inner edge of the sector lines.

2. Competitors leap from a take-off board into a sand landing area. All athletes at the field events at the state finals will be allowed four throws/jumps. The competitor with the longest jump in his/her four trials is the winner. A tie for first place is decided by the competitor's second-best jumps.

3. Run-up: The length of the run-up is unlimited. Marks may not be placed on the runway but may be placed alongside it. Marks may not be placed beyond the take-off line.

4. Take-off: A failure is counted if a competitor touches with any part of his body the ground beyond the take-off line extended. This rule applies whether he makes his jump or merely runs up without jumping. Long jumpers may not use weights or grips.

5. Landing: It is a failure if a competitor, when landing, touches the ground outside the landing area nearer to the take-off than the nearest break in the landing area.

2. The initial height of the crossbar will be two feet. The bar will be raised a minimum of one inch (approximately 2cm) after each round.
3. Each competitor shall be credited with the best of all his jumps in the competition proper, including jumps taken in a jump-off of a first-place tie.
4. A competitor may place (approved) marks to assist him in his run-up and take-off.
5. A competitor may, at his discretion, commence jumping at the starting height or at any subsequent height. If a competitor forgoes a trial at a height, he thereby forfeits his right to jump again at that height. He may, however, jump at that height in a jump-off to break a tie for first place. Three consecutive failures, regardless of the height at which such failures occur, disqualifies the competitor from further jumping except in the case of a jump-off to break a tie for first place.
6. The uprights or posts shall not be moved during competition unless the Referee considers the take-off or landing pit to have become unsuitable. In such a case the change shall be made only after a round has been completed.
7. The competitor must take off from one foot.
8. It shall be a failure if:
  - a) after the jump, the bar does not remain on the supports, or
  - b) the jumper touches the ground including the landing area beyond the plane of the uprights, either between or outside the uprights, without first clearing the bar, unless, in the opinion of the judge, no advantage is gained.
9. Measurement: All measurements shall be made perpendicularly from the ground with a certified steel tape or bar to the lowest part to the upper side of the crossbar.

#### **TAKE-OFF BOARD**

3. The distance between the take-off line for men and the far end of the landing area shall be at least 21m.

4. For major competitions, the take-off line shall not be less than 13m for men and 10m for women from the nearer end of the landing area. For any other competition, this distance shall be appropriate for the level of competition.

5. Between the take-off board and the landing area there shall, for the step and jump phases, be a take-off area of 1.22m  $\pm$  0.01m wide providing firm and uniform footing.

#### **COMPETITION**

6. The Triple Jump shall consist of a hop, a step and a jump in that order.

7. The hop shall be made so that an athlete lands first on the same foot as that from which the athlete has taken off, the step shall land on the other foot, from which, subsequently, the jump is performed. It shall not be considered a failure if an athlete, while jumping, touches the ground with the 'sleeping' leg.

## TRACK AND FIELD EVENT

### POLE VAULT

#### **Playing Rules:**

1. The event will be governed in general by standard rules recommended by USA Track and Field. If you would like a copy of these rules, please write or call:

USA Track and Field  
132 East Washington St  
Suite 800  
Indianapolis, IN 46204  
(317) 261-0500  
[www.usatf.org](http://www.usatf.org)

2. (a) Where the standards permit, a competitor may have the uprights or supports moved back, but they may not be moved in the direction of the running or runway, and they may not be moved more than 80cm toward the landing area, from the prolongation of the inside edge of the top of the stopboard.

NOTE: For Youth Athletics exception, see Rule 302.5(k).

(b) Before the competition starts, each vaulter shall inform the official responsible for the event what position of the uprights or supports he or she wants to use, and this information should be recorded on the score sheet. Any competitor who wants to make any changes should immediately inform the official responsible before the uprights have been set in accordance with the initial wishes. Failure to do this must lead to the start of the time limit. See Rule 180.9(d)vi.

3. The take-off shall be from a box made of wood, metal, or other suitable rigid material. The box shall be sunk level with the runway.

4. In order to obtain a better grip, competitors are permitted to use a substance on their hands or on the pole during the competition. Gloves may be used. The use of a forearm cover to prevent injuries shall be allowed. See Rule 183.8 in regard to the use of tape on pole.

5. Competitors may use their own poles. No competitor may use any of the private poles except with the consent of the owner.

6. It shall be a failure if:

(a) After the vault, the bar does not remain on the pegs because of the action of the competitor while vaulting; or

(b) The vaulter touches the ground, including the landing area beyond the vertical plane of the upper part of the stop board, with any part of the body or with the pole without

first clearing the bar; or

(c) The vaulter, after leaving the ground, places the lower hand above the upper or moves the upper hand higher on the pole; or

(d) During the vault, the vaulter steadies or replaces the bar with his/her hand(s).

NOTE 1: It is not a foul if the vaulter runs outside the white lines marking the runway at any point.

NOTE 2: It is not a foul solely because the pole touches the vaulting pad, in the course of an attempt, after properly being planted in the box.

7. After the release of the pole, no one including the athlete shall be allowed to touch the pole unless it is falling away from the bar or uprights. If it is touched, however, and the official in charge of the Pole Vault is of the opinion that, but for the intervention, the bar would have been knocked off, the vault shall be regarded as a failure.

NOTE: It is not a failure if the pole passes underneath the cross bar in the event the competitor clears the bar. It is not a failure if a competitor leaves the ground for the purpose of making a vault and fails to clear the bar, provided he/she does not otherwise commit a foul.

8. If, in making an attempt, the competitor's pole is broken, it shall not be counted as an attempt or a failure and the vaulter shall be awarded a new trial.

NOTE: For specifications of Vaulting Pole, Landing Pits, Runways, and Apparatus for High Jump and Pole Vault, see Rules 181.10-19.

9. Pole Construction - The pole may be of any material or combination of materials and of any length or diameter, but the basic surface must be smooth. The pole may have layers of tape at the grip end, to protect the hand, and of tape and/or any other suitable material, such as a sleeve, at the bottom end, to protect the pole. Any tape at the grip end must be uniform except for incidental overlapping and must not result in any sudden change in diameter, such as the creation of any 'ring' on the pole.

Suite 800  
Indianapolis, IN 46204  
[www.usatf.org](http://www.usatf.org)

2. The shot is put from a circle and must land within the marked sector. All athletes at the field events at the state finals will be allowed four throws/jumps. The winner is the competitor with the best distance in his/her four trials. A tie for first place is decided by the competitors' second-best throws.

3. Putting Action: The competitor must begin his put from a stationary position. Only one hand may be used and through the putting action this hand must not be dropped below its starting position. The shot must not be brought in front of the line of the shoulders. A put is invalid if the competitor, after commencing his action, touches with any part of his body the top of the stop board(s) or the ring bounding the circle, or the ground outside. He is permitted to touch the inside of the stop board or ring. The competitor must not leave the circle until the shot has touched the ground, when he must, standing, leave from behind the dividing line.

4. Interrupting a trial: Provided there has been no infringement, a competitor is permitted one interruption for each trial. When interrupting a trial, the competitor may lay down his shot. He must then re-start from a stationary position.

5. Measurement: Takes place immediately after each trial. Puts are measured from the nearest mark made by the shot to the inner edge of the ring bounding the circle. Measurement is along a line from the mark and through the center of the circle.
